

# *The Mensarius Oath*

As originally devised by Adeo Ressi

**PUBLIC DOMAIN DOCUMENT**

**I, the undersigned,** \_\_\_\_\_,  
affirm this oath and accept the responsibilities it establishes.

**I will help the next generation of entrepreneurs.**

I will share my knowledge, experience, and connections to help others succeed.

**I will ensure that the companies I work with are not built on exploitation.**

I will strive to create businesses that treat customers, employees, partners, and the environment with respect.

**I will encourage good behavior and act against bad behavior.**

I will speak up when I see misconduct, and I will protect those who cannot protect themselves.

**I will act with integrity and lead by example.**

I will be honest and transparent in my dealings and will not tolerate corruption or deceit.

**I will take responsibility for my actions and their impact on others.**

I will consider the long-term consequences of my decisions, not just short-term gains.

**I will protect the dignity of entrepreneurs and the entrepreneurial journey.**

I will respect the courage it takes to start a company and will support those who take that path.

**I will leave every ecosystem better than I found it.**

I will contribute more than I take, and I will help shape a more ethical, inclusive, and sustainable future.
